

## Tall Units - Hinged Doors

### Dispensa TANDEM

- TANDEM offers completely new potential for food storage – just opening the door is an inspiration.
- In a clever piece of engineering, the back shelf element moves automatically towards the user as the door is pulled open.
- Kitchen users can check contents at a glance and easily reach what they want. The shelf element on the door is designed to make best use of the available space.

### TANDEM Side

- Simply opening the door provides direct and easy access to the contents.
- Trays are height-adjustable for maximum flexibility.
- The idea, as simple as it is inspired, offers wide scope for individual choice.
- TANDEM side shelves are dimensioned for compatibility with all currently available tall, wall and base cabinets.
- TANDEM side is more than just a door shelf. It grows and changes with the user.
- Designed as a building block system, it can be configured and adapted to suit changing needs and preferences.
