The Power Pod Collection

SensioPod M - Bluetooth

Featuring two power sockets and two USB ports, the SensioPod M Bluetooth also boasts an integrated Bluetooth speaker - perfect for playing music in the kitchen. The smooth, motorised anti-trap mechanism raises and lowers the SensioPod with ease while the integrated Qi charger in the top of the pod provides quick and easy charging for mobile devices. The perfect addition to a kitchen island unit.

SensioPod Bluetooth

The SensioPod Bluetooth is an attractive pull up socket solution. This multi functional product includes 2 power sockets, bluetooth audio and 2 USB ports for charging USB devices. This product is finished with a stainless steel top which is perfect for the modern, multi-functional kitchen. The SensioPod Bluetooth provides high quality sound and can be retracted fully whilst products are plugged in.

SensioPod Bluetooth	
Code	RRP
SE890920SS	€259

SensioPod+

The SensioPod+ includes 3 power sockets and 2 USB ports for charging USB devices. This pull up power solution has a die cast metal top available in 3 contemporary finishes; black nickel, chrome and stainless steel. The perfect addition to a kitchen island unit.

SensioPod+		
Code	Top Finish	RRP
SE80050BN	Black Nickel	€199
SE80050CH	Chrome	€199
SE80050SS	Stainless Steel	€199

SensioPod E	
Code	RRP
SE894920	€105

SensioPod E

Featuring three power sockets and two USB ports, the SensioPod E is a great addition to any kitchen with a shortage of power outlets. The simple spring mounted mechanism releases the pod to be pulled up. Ideally suited to kitchen islands where power sockets are often limited.
