Flanagan Fittings

Subject to technical modifications and changes to the range without notice

HYPE TRIOTONE

- One light, three whites: warm, natural and cool white
- All three desired colour temperatures can be achieved from a single fitting. No need to stock multiple parts
- Choose the LED colour you prefer prior to installation. Please note; all fittings will be pre-set to warm white
- If you decide the LED colour choice is wrong after installation simply remove the LED centre and select a different LED colour
- Full range of switches and sensors. See page 5.17
- Optional 2.5 mtr extension cable Art. Nr. SE9009.
- Surface/recess light with collar supplied
- Diffused LED' so no individual LED diodes can be seen
- 50% brighter than the previous SLS Hype and Bermuda fittings.
- Long lamp life of 50,000 hours

HYPE TRIOTONE			
LED Colour	Lumens	Individual Light	3 Light Kit
Cool, Natural or Warm White	170 - 190 lm	SE21100	SE21100K3
Note: light kit c/w driver, each lamp with 2.5 mtr cable			

ASTRO TRIOTONE

- Super slimline design
- Brushed aluminium, brass, black or copper finish
- Magnetic mounting plate conceals fixings for a clean finish
- One light, three whites: warm, natural and cool white
- Long lamp life of 50,000 hours
- All three desired colour temperatures can be achieved from a single fitting. No need to stock multiple parts
- If you decide the LED colour choice is wrong after installation simply flick the switch on the back of the fitting.
- Elongated design allows for vast spread of light across the worktop
- Full range of switches and sensors. See page 5.17
- Optional 2.5 mtr extension cable Art. Nr. SE9009

Note: light kit c/w driver, each lamp with 2.5 mtr cable

Flexible Strip Lighting

VIVA 3

- 3M VHB adhesive tape backing allows for quick & easy installation
- Male/female ends allow you to create the length required
- 50,000 hour lamp life
- Cool White (5500K), Natural White (4000K) & Warm White (3000K)
- The strip can be cut to length, reuse a cut section of the strip ONCE using the minicut connector (SE10318MCC).
- Range of interconnecting strips available See page 5.18
- Extremely low energy consumption, only 4W per 1000mm.
- Lumens per meter. 470-520 lm
- Full range of switches and sensors. See page 5.17
- Viva 3 accessories. See page 5.18

DART

- Supplied in a 5m reel
- A simple, highly efficient flexible strip light with a superb light output
- Available in natural white making it ideal for a range of kitchen styles
- Cut marks are indicated every 100mm to enable the strip to be cut closer to the desired length
- Cut sections can be re-utilised with the joining clips and leads (sold seperately)
- Supplied with 3M VHB (Very High Bond) tape underneath the strip for secure installation
- Compatible with Sensio single-coloured receivers to enable dimming functionality
- IP20 rated - protected against solid objects over 12mm (e.g fingers)

DART

Lighting Control

DRIVERS

- All lighting products in the Sensio range run on 24 Volt systems
- Each driver can run a number of lights. Simply divide the wattage of the driver by the wattage of a single light and this will tell you exactly how many lights can be run by the driver
- Choose the type of Titan based on how the lights will be controlled
- Titan - a simple, straight-forward driver to convert mains current and connect lights to a wall switch
- Titan+ offers lighting control via sensors. Titan+ drivers are compatible with four sensor controls - IR, PIR, Door and Push Switch
- Titan SMART RGBCCT - provides smart home device voice activation and smart phone lighting control
- Titan Smart Kinetic - wireless switch and provides smart home device voice activation

SE797991	Titan+ Double Door Sensor Adapter

Flanagan Fittings

- The Titan+ range of sensors are compatable with the Titan+ driver, offering simple plug and play setup.

- Titan+ sensors are supplied with a simple clip bracket for surface mounting under cabinets.

- Alternatively they can be concealed by recessing into a panel.

Titan+ IR Sensor

- Allows activation of all lighting plugged into the Titan+ driver with the swipe of a hand
- Detection range of 0-5cm
- Perfect for recessed or surface mounting (with the included bracket)
- 2m connection cable
- Adds dimmable functionality to Titan+ driver

Art. No.
SE490250

Titan+ PIR Sensor

- Allows activation of all lighting plugged into the Titan+ driver by detecting motion
- Detection range of 0-3m
- Detection angle of 120º
- Perfect for recessed or surface mounting (with the included bracket)
- Cut out diameter of 12mm
- 2m connection cable

Art. No.
SE491250

Titan+ Push Switch

- Allows activation of all lighting plugged into the Titan+ driver with a push of a button
- Simple plug and play technology - easy to add the Titan+ IR sensor to any new or existing Titan+ driver
- Perfect for recessed mounting in to a worktop
- Features a robust clicker switch
- Cut out diameter of 12mm
- 2m connection cable

Art. No.
SE492250
Titan+ Door Sensor

- Allows activation of all lighting plugged into the Titan+ driver with the opening and closing of doors
- Perfect for recessed or surface mounting (with the included bracket)
